Designed for areas exposed to spillages such as galleys and food preparation areas

Conçu pour endroits assujettis aux renversements tels que les coqueries et aires de préparation de nourriture

Designed für Bereiche mit ständiger Nässe wie z.B. in Schiffskombüsen oder bei der Lebensmittelverarbeitung

Concebido para zonassujetas a derrames tales como cocinas y zonas de preparación de alimentos

N.B. Exact colour match with samples cannot be guaranteed.

N.B.: on ne peut garantir la correspondance des coloris des échantillons.

Exakte Farbgleichheit mit Farbmustern kann nicht garantiert werden.

Nota: No se puede garantizar que el color sea idéntico al de las muestras.
